This document provides the required profit evidence for the Build with Gemini XPRIZE submission.

Financial Status

****Competition period:**** May 2026 – August 2026

****Total Revenue:**** \$0

****Total Expenses:**** approximately \$5,000 over the competition period (~\$1,250 per month)

Primary expenses included:

- AI infrastructure (Anthropic Claude API, Gemini via Emergent platform credits)
- Platform hosting
- Domain registration
- Development tools
- Software subscriptions
- Cloud services

All expenses were funded from personal savings. No external capital has been raised.

****Marketing and Customer Acquisition Spend:**** \$0

****Net Result:**** approximately -\$5,000

Commercial Status

Zynthoro launched publicly on 30 June 2026 at <https://zynthoro.ai>

The platform is fully operational in production with live Stripe integration for subscription billing.

During the competition period, no paying customers were acquired. The platform is commercially available and revenue-ready.

****Related-Party Revenue:**** \$0. No revenue was earned from team members, family, related entities or pre-existing customer relationships.

Stripe Production

Production Stripe account active.

- Live payment processing enabled
- 9 subscription tiers and 3 lifetime licence tiers configured
- Subscription infrastructure operational

SUMMARY

Profit & Loss Statement

This statement covers the Build with Gemini XPRIZE competition period, from the opening of the submission window on 19 May 2026 to the submission deadline on 17 August 2026.

ITEM	AMOUNT (EUR)
Total revenue	0.00
Total operating expenses	3,300.00
Marketing and customer acquisition spend	0.00
Net result	–3,300.00

No revenue was earned from arms-length third-party customers during the competition period. Related-party revenue was also €0.00 — no revenue from team members, family, related entities or pre-existing customer relationships.

REVENUE

Revenue by month

MONTH	REVENUE (EUR)
May 2026	0.00
June 2026	0.00
July 2026	0.00
August 2026 (to 17 Aug)	0.00
Total	0.00

Zynthoro launched publicly on 30 June 2026. Stripe is live in production with nine subscription tiers and three lifetime licence tiers configured and operational. The platform is commercially available and revenue-ready; no paying customers were acquired within the competition period.

EXPENSES

Operating expenses by month

All amounts in euro. Figures are rounded to the nearest euro.

CATEGORY	MAY	JUNE	JULY	AUG 1-17	TOTAL
Emergent platform credits	0	700	700	700	2,100
Anthropic Claude	0	22	110	110	242
Hosting, domain, dev tools	0	278	190	190	658
Platform and directory listings	0	100	100	100	300
Total	0	1,100	1,100	1,100	3,300

Emergent platform credits cover the build environment, which includes Gemini API usage. Anthropic Claude runs on an own account, invoiced in advance.

Anthropic amounts for June (€21.78) and July (€109.57) are taken from issued invoices. August is estimated, as subscriptions are invoiced around the 20th of each month and no August invoice had been issued at the time of submission.

NOTES

Basis of preparation

Start of activity

No costs were incurred in May 2026. Casa Haya International BV registered the venture with the Dutch Chamber of Commerce on 10 June 2026, and development of Zynthoro began on 22 June 2026.

Marketing spend

Marketing and customer acquisition spend was €0.00. No paid advertising, agency work or acquisition campaigns were run during the competition period.

Directory listings

Platform and directory listing fees are classified as operational costs rather than marketing. These are product listing fees on software directories, not customer acquisition campaigns.

Google Cloud billing

Google Cloud billing shows €0.00. The Google Cloud project zynthoro was upgraded to a paid account on 2 July 2026. Gemini calls are executed through the Emergent build platform, which holds the API credentials, so Gemini usage appears under Emergent platform credits rather than in Google Cloud billing.

Period end

August 2026 is stated to 17 August, the XPRIZE submission deadline, rather than to the end of the calendar month.

Funding

All expenses were funded from personal savings. No external capital has been raised and no debt has been taken on.
